25TH NAGM

Round Table Nepal marked a proud moment with its 25th NAGM—a milestone that reflects decades of service, fellowship, and impactful initiatives. The 25th AGM stood as a reminder of how far RTN has come and how much more can be accomplished together. Hosted by Kathmandu United Round Table 17.

25TH NAGM

Organising a national-level event for Round Table Nepal has been one of the most fulfilling leadership experiences of my journey. Bringing together delegates from across Nepal — along with international participants — the event served as a vibrant platform for fellowship, collaboration, and the celebration of RTN's impactful community service initiatives.

As the name suggests, NAGM 2025 was truly ICONIC, commemorating 25 glorious years of Round Table Nepal's Silver Jubilee. The atmosphere was electrifying with nostalgia and pride as Past Presidents and distinguished leaders from the earliest years of RTN graced the occasion. Their inspiring presence reminded us of our remarkable journey and motivated every Tabler to keep carrying the legacy forward with the same passion and purpose.

The event came with its own set of challenges, but our focus remained clear — to create a unique and memorable experience for every Tabler. We ensured that even the smallest details were thoughtfully planned, because we know those are the moments that truly bring joy to our brotherhood. From seamless logistics to curated experiences around food, sponsorships, and communication, every aspect was meticulously coordinated and executed. We proudly met — and exceeded — the expectations of the National Board.

On a personal note, this journey has given me invaluable experience, strengthened my leadership, and most importantly, deepened my bond with the Tablers across the country. The brotherhood we share is what makes Round Table truly special — and this event has made that connection even stronger. Here's to many more milestones, memories, and moments of meaningful service together. RTN Forward!

Aakash Singhal
NAGM Co-Convener
KURT 17

1ST NEX | RTIWM

1st Meeting of the 26th NEX Council held on 24th August, 2025 at Kathmandu.
A total of 17 tablers & their spouse attended the RTIWM 2025 at Gurgaon, India from 3rd September, 2025 - 7th September, 2025.

BUCKET FILTER

Round Table Nepal successfully organized a Bucket Water Filter Project across five schools in the flood-affected areas of Jhapa District, including three schools.

Through this initiative, 250 families have gained reliable access to clean and safe drinking water. Each filtration unit, provided at an approximate cost of Rs. 8,000, contributed significantly toward improving health and sanitation conditions within the affected communities.

The project was executed in close coordination with the National Project Convener Tr. Aakash Sarraf, whose guidance and support played a vital role in its smooth completion.

Birtamode Round Table 27 took the lead in logistics, installation, and distribution, with tablers dedicating their time and effort to ensure effective implementation. This impactful project was carried out in collaboration with Wine To Water Nepal and Rotary Club of Kathmandu Heights, with strong support from fellow Tables and the wider RTN fraternity.

A notable moment was National President Tr. Sumit Mittal demonstrating the filtration process to students and teachers at one of the schools, helping them better understand the system and its benefits.

DEC 2025
ISSUE NO .1

As we move forward in this year, thank you, Tablers, for helping us connect with purpose and elevate with pride. Your commitment, your energy, and your fellowship continue to inspire every step we take. Together, we create stronger bonds, build greater impact, and set new standards for what it means to be a Tabler. Let's carry this spirit forward and keep connecting, keep elevating, and keep making a difference.
