LMF TR. RAHUL AGRAWAL
PRESIDENT - RTN

It is not every day that your dream comes true. With EAC this year, it is nothing short of a dream being realised. 1000 underprivileged students being provided scholarship on one day across the country is a momentous achievement. I think RT Nepal can be very proud of itself. All the tables have worked exceptionally hard to achieve this feat.

Educate a Child is RT Nepal's brainchild. It has gone through various transformations over the years, but we have now found our feet with tuition fees support, but there is a long way to go, and in the coming years, it will provide more value.

I have to thank all the tables who have contributed to the cause and become partners of this project. Also, the hard work that tables have done to get the list of students from various schools and verify its authenticity is remarkable.

I would like to thank the Project team to have worked out of their socks to bring this dream into reality. I also assure you that EAC will now be synonymous with RT Nepal in the Tabling World.
